

# 8 Channel HD NVR Outdoor 30 Meter IR Night Vision Range Price \$999.95

8 Channel Network Video Recorder comes with 8 x HD 1/3 Inch CMOS outdoor cameras which have a 60 degree viewing angle, 30 Meter IR night vision, motion detection and are ONVIF 2.0 compliant

## HD Night Vision Cameras

This eight channel NVR (Network Video Recorder) comes with eight IP cameras to provide a comprehensive security system that you can monitor from any location. Each of the eight cameras has a 1/3 inch CMOS, 30 meter IR night vision to record in low light conditions or at night and will capture HD video at 1080p. You can set up Multiple detection areas and sensitivity to ensure that the alarm recording mode is only trigger by intruders and not the neighbor's cat.

# Network Video Recorder

The NVR unit is extremely compact taking up less room than most DVD players so it's easy to install in your home or office and will take up very little room. The main advantage of an NVR system is that the recorder doesn't have to be in the same location as the cameras, as long as it can connect to them via a network so it doesn't need a physical connection to each camera making installation that much easier. The NVR can support up to a 4TB SATA HDD which with the H.264 encoding will provide plenty of video storage for you.

## Remote Viewing

With an NVR system the Camera does all the recording, processing and encoding sending the signals via a network to the NVR box where they can be viewed, recorded or accessed for remote viewing with your iPhone, Windows Mobile, BlackBerry, Symbian or Android device. Because everything is on a network you can easily keep tabs on your workplace from the comfort of your home or on the other side of the globe for that matter. The system is ONVIF 2.0 compliant so can be used with any other ONVIF compatible systems to expand a security system that's already in place.

This product is in stock now, we guarantee next working day shipping and offer a 12 months warranty on all our products. Brought to you by the leader in electronic devices and wholesale security systems.

### Manufacturer Specifications

#### General

- Operating System: Embedded LINUX OS
- Dual Stream
- Video Standard: 1080p (1920×1080) 30FPS, 960p (1280×960), 720p (1280×720) 30FPS
- Monitoring Image Quality: 1080p (1920×1080), 960p (1280×960), 720p (1280×720)
- Image Motion Detection: Each Camera Can Set Multiple Detection Areas And Set Sensitivity (IPC Support)
- Recording Playback Quality: 4 Channel 720P Playback In 8 Channel 720p Mode Or Channel 1080p Playback In 8 Channel 1080p mode
- Recording Mode: Manual, Auto, Dynamic Detection, Alarm Trigger
- Backup: U Disk, USB Mobile HDD, USB DVD-RW. Network Storage + Backup
- Video Input: 8×(1280x720) IP Camera With 4 Channel Playback OR 8×(1920x1080) IP Camera With 1 Channel Playback

## **Ports**

- 3 x USB 2.0 Ports(One on Front Panel, Two On Rear Panel)
- RJ45,10M/100M self-adaptive LAN port
- RCA Auxiliary Output
- Audio Input
- VGA
- HDMI
- SATA HDD Port, MAX 4TB HDD (HDD Not Included)
- 12V DC

## **NVR Dimensions**

- Main Product Dimensions:260 x230 x44 mm (L x W x D)
- Main Product Weight: 860g

## **Camera**

- High Resolution 1/3 Megapixel CMOS Sensor
- Integrated 3.6 mm Lens
- 60 Degree Viewing Angle
- 30 Meter IR View
- Dot Matrix IR LEDs
- H.264 Compression
- 1.3MP IP camera
- Real Time Transmission Up To 25 FPS (1280X960P)
- Interchangeable Lenses Available
- Hardware Motion Detection Supported
- Wall Mount
- Mobile Phone Browser: iPhone/Android Phones
- Internet Browser:IE5.0, NET4.5, Firefox, Google Chrome
- Supported OS: Win98 SE, ME, 2000, XP, Vista

## **Package Contents**

- 8 Channel NVR
- 8x 960P Camera
- 8x Power Adapter
- DVR Power Adapter
- Mouse
- 8 X Screws Set
- 2 X CD
- User Manual
