

Fisheye Camera (Full 360 Degree), Price \$369

This 360 Degree Fish Eye Camera has mobile support, SD card recording, Night Vision, IC Cut and many more features to protect you and your valuables.

360 Degree Wide Dynamic Range

The 'PanView' features a 360 degree fish eye lens and Wide Dynamic Range (WDR) Sensor so it can cover a whole office without leaving any blind spots. Making it impossible to sneak up on this eye in the sky. It comes with an easy to fit bracket allowing for simple installation on most

walls or ceilings. The 1 / 3 Inch CMOS sensor and 1.3MP 1280x 960 camera can work day or night with up to 10 meters night vision and IR Cut to ensure 24x7 protections for your premises.

Remote Viewing With Mobile Support

The 'PanView' 360 degree Camera allows you to view the images on your computer or over a network from you mobile phone. You can even adjust the pictures quality by changing the brightness, saturation, sharpness, white balance, contrast and chroma settings so as to ensure the best footage, which can be recorded directly onto the device by using a Micro SD Card up to 64GB. No matter the property the PanView security camera has your back covered with its all seeing 360 degree capabilities.
