

# Weatherproof Outdoor Mini IP Camera, Price \$250

## Mini IP Camera

Size does not always equal quality and this mini IP Camera is proof. Install anywhere on your property that you want to keep a closer eye on such as your home, office or factory. This IP camera comes with everything to get you started, all you have to add is the 'elbow-grease'. With 18 IR LEDs built-in, this conveniently sized IP camera has an effective range of up to 15 meters and can also be installed outside due to being manufactured with a weatherproof design.

## Plug and Play - Simple To Use

The 0.3 MP 1/4 Inch CMOS sensor ensures a clear and clean video is captured, plus with a 60 degree viewing angle you will capture everything as it happens. Featuring Wi-Fi support you can connect to this camera in many ways including via your iPhone or Android smartphone. Plus you can also connect and view the footage via your computer or laptop as this IP camera is compatible with several of the most popular browsers including Windows Explorer and Firefox. This simply to use plug and play IP camera is ready to be put to use and keep an eye on your property.

This product is in stock now, we guarantee next working day shipping and offer a 12 months

warranty on all our products. Brought to you by the leader in electronic devices and wholesale outdoor IP cameras.
